AL MAHAZIR TRADING

WHERE PRECISION MEETS PERFECTION

About Us

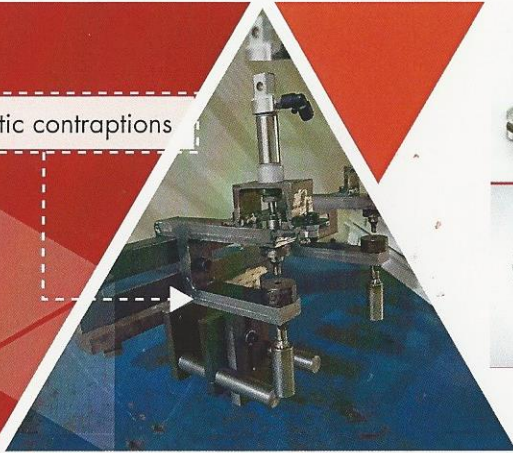

Established in 1997, Al Mahazir Trading has aimed at establishing itself primarily as specializing in steel prefabrication and lathe –works. With over 20 years of operational experience, Al Mahazir Trading has always worked towards being a reliable name in the fabrication industry in Oman; At al Mahazir, identifying and catering to client centric needs has been a key factor in providing precision engineering solutions. Al Mahazir Trading has constantly grown by identifying the market needs and providing efficient and effective solutions from Manufacturing to Designing and Servicing. Started in Wadi Kabir with it's first fabricating machines shops, the company now has 2 fabricating machine workshops in Ghala.
